

SCHOLARSHIP

Smithies boast an average 3.6 GPA, an achievement fostered by diversity of majors, diversity of academic years, and an in-house culture that promotes academic excellence.

LEADERSHIP

The Smithies' executive core of four paid positions and seven elected positions is supported by ten standing committees who plan house events including fundraising, community service, and social events.

APPLYING

Smithies must enroll full-time at K-State.

The application has three easy parts:

1. Application / Official Transcript
2. House Tour
3. Personal Interview

Applications close April 1st at midnight

Find the form on our website,

www.k-state.edu/smithhouse

or www.smithscholarshiphouse.org

FELLOWSHIP

Smithies bond by sharing life experiences, competing in university intramurals, teaching house members new games and hobbies, and by simply spending time together.

GOVERNANCE

Student officers manage the day-to-day operations of the house. Each student has equal voice in the weekly house meetings and equal vote during house elections.

A live-in executive director, a non-resident registered dietician, and the alumni operations board coordinate large-scale projects and long-term planning.

LOCATION

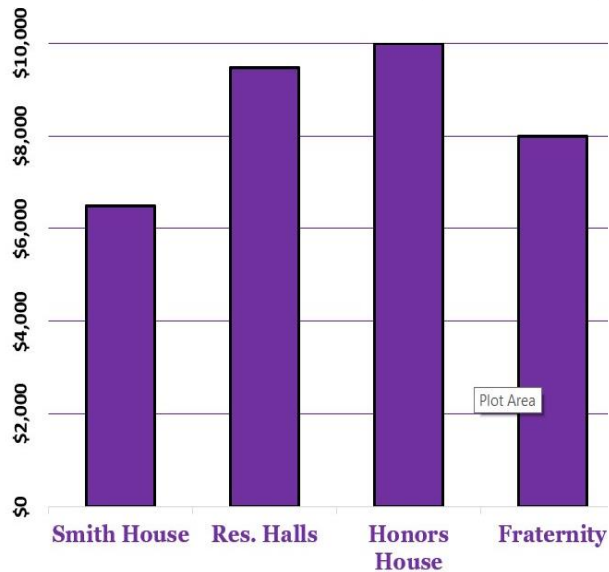

A mere three blocks south of the student union and four blocks west of Aggieville, Smith House is a quick walk from classes, gameday festivities, and K-State tradition.

Known as the Little Apple, Manhattan is in the heart of the scenic Flint Hills. Trails, the Konza Prairie and Tuttle Creek are some local favorites among smithies

COOPERATIVE LIVING

Smith Scholarship House is home to 34 male students at Kansas State University. Smithies are each responsible for 3-6 hours cooking and cleaning per week. This work helps keep our resident costs lower than other on- and off-campus housing. Smith House is a valid housing option for the new freshman first-year residency policy.

KSU Annual Cost of Housing and Dining

OUR STORY

In 1958, Dr. Irene Putnam provided funding to establish a men's memorial scholarship house in honor of her late brother, Maitland E. Smith.

Ideals of scholarship, leadership, and fellowship have guided Smithies through 65 years of continued operation.
